

COVID-RELEVANT INFORMATION AND REQUIREMENTS OF GROUP COORDINATORS

QCCC's operations are informed by the COVID-Safe Industry Plans (available on QCCC's Covid-Info Web Page). These require additional expectations for Group Coordinators to assist QCCC to operate in a COVID-SAFE manner.

Health declarations:

As part of your registration process, please inform all camp participants (and/or their guardians) they should not attend camp if they:

- a. Are experiencing cold or flu like symptoms
- b. Have a temperature
- c. Have been in contact with someone confirmed to have COVID-19
- d. Have returned from overseas or an Interstate Hotspot in the past 14 days or been contacted as part of Contact Tracing efforts by Queensland Health.
- e. Are awaiting results of a Covid Test.

We have provided a participant template to assist you with this process. For privacy reasons we request group coordinators from schools keep these declarations securely, immediately available should they be required by Health authorities for the purposes of contact tracing. Group coordinators for non-school and/or adult groups must provide signed forms, with contact details for contact tracing, to QCCC staff immediately on arrival at the venue.

Water bottles:

Individual water bottles are essential equipment for camp to ensure every guest has their own water bottle and minimise the use of single-use drink containers to assist the environment. Please advise members of your group that a labelled water bottle is essential on "what to bring" lists.

Importance of fire and activity group records:

QCCC already requires guest registers for individual rooms as part of its fire safety policy. This register will also be used to assist health authorities to conduct contact tracing if required. It is therefore essential that guests understand once they are assigned to a room, they are not to swap or change.

Activity group registers will be used to assist contact tracing, including which QCCC staff interacted with individual groups, and which activities have been accessed for full clean purposes. A list of participants in each activity group needs to be kept so it can be matched to QCCC's activity and staffing rosters if contact tracing is required.

Bed configurations:

QCCC will expect a specific sleeping arrangement in onsite beds, participants need to be assigned to one room/bed for the duration of their stay. Posters will be in each bedroom of the sleeping configuration which will be required to ensure 1.5m spacing between sleepers. We will require the cooperation of guest coordinators to ensure these configurations are followed.

Designated servers

In catered arrangements most of the food service will be conducted by QCCC staff. Measures are in place to ensure no shared use of utensils and implements. QCCC may ask group coordinators to provide “designated servers” at mealtimes to assist QCCC staff with some aspects of food service (eg pouring milk from a jug on cereal at breakfast).

Pick-ups in the case of illness:

If a guest starts to exhibit symptoms of COVID, or is contacted by Queensland Health Contact Tracing efforts, QCCC staff must be informed immediately. The priority will be to immediately move them to a quarantine area for the remainder of their stay and/or facilitate their departure from the QCCC venue. This could take the form of a pickup by a responsible person or transfer to nearby medical facilities. QCCC venues each have a designated quarantine sick bay for patients to convalesce while arrangements are made for their ongoing care.

Travel arrangements (where by bus):

QCCC’s obligations commence when groups arrive at the venue. However, we encourage groups to work with their transport providers to ensure they are working to their Industry COVID SAFE Plan. Current advice for school groups is physical distancing requirements are exempt for public transport (including buses). Transport operators should ensure that buses and surface touch points are cleaned according to COVID-19 cleaning and disinfection recommendations.

Onsite physical distancing guidelines will be followed at bus interchange locations, pick-ups and drop-offs. We recommend drivers stagger the arrival of each bus by 10 minutes so each bus can be met by QCCC staff, unloaded and guests taken to their appropriate facilities.

Changes to arrival and departure times and incoming/outgoing meal arrangements may be required to limit contamination between different groups whilst maintaining an excellent guest experience. QCCC will work with coordinators on the individual arrangements required for each event.

Up to date COVID information:

QCCC has a designated webpage with up to date Covid information and arrangements for all venues at <https://www.qccc.org.au/home/covid19-info/>

Individual contact details for each site can be found here: <https://www.qccc.org.au/contact-us/>
